DECEMBER MEMORIES

As we reflect on the past month, we can hardly believe how quickly the year has flown by. December was a time of joy and celebration for our community as we came together to celebrate Betty's remarkable 100th birthday. Our residents participated in an array of festive activities, making it a truly memorable time. We crafted Christmas ornaments, enjoyed a captivating magic show in the activity room, and ventured to Hicksville for their stunning Christmas Light Cruise Thru. Musical students delighted us with a wonderful Christmas performance featuring various instruments, while our own Fountain Park Singers & Ringers performed heartwarming renditions for families. We also had cookie decorating, the excitement of hosting a festive party, and the fun of playing White Elephant Bingo. It was indeed a December to remember, filled with laughter, joy, and togetherness!
