# Thanks To Our Partners!

**Heart to Heart Hospice** has a wonderful music enhancement program. We have been blessed to have them provide the entertainment for our residents' monthly birthday parties. Matthew Packer, Music Enhancement Coordinator, tickles the ivories on the piano and is an exceptional vocalist. Singing and strumming well-loved tunes on the guitar with great skill and an amazing voice, is the Spiritual Care Coordinator, Paul Mabry. The Pines of Burton and our residents, thank you for brightening our day and bringing life to our birthday parties through the gifts of your talents!

If you need hospice care, we encourage you to reach out to Heart to Heart Hospice and see what they have to offer.

Our residents are fortunate to have a certified PTA, Bret Boisclair, from **VCARE** come to the facility and do chair exercises with them. Bret does a great job of encouraging and showing the residents how to do the various motions. Keeping our residents flexible and moving is one step in helping them to reduce the risks of falls and injuries.

If you feel your loved one could benefit from some physical therapy, give Elaine at VCARE a call to see how they can help them.

**VCARE 810-240-1945**

Thanks to **The Care Team** for donating a variety of items and goodies for BINGO Prizes. Our residents love to play Bingo, and of course it is more fun if they win a prize!

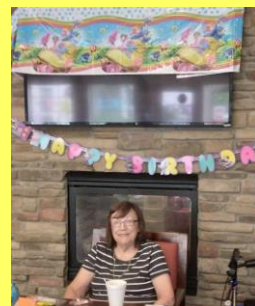

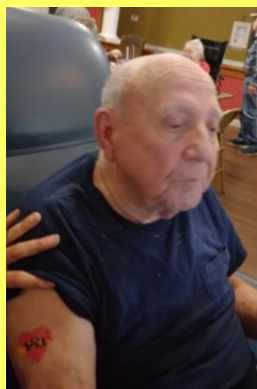

The Care Team has an exceptional group of people that come to the facility to work with residents who are both on and off of hospice. They address their medical, physical, and emotional needs. Give them a call to see how they can help your loved one and family.
