The Seneca Lake Experience

The Seneca Lake assisted living philosophy is simple: getting older means getting better. Every day brings more experiences and insights. Every day adds value and worth to the lives of our residents.

Seneca Lake offers a residential opportunity for seniors to focus on independence, friendship and fulfillment. The isolation, frustration and dependence that may have influenced our residents before coming to Seneca Lake have been chased away.

At Seneca Lake, our residents' horizons grow, not constrict. They are enabled, not hindered. Residence at Seneca Lake means having assistance so that day-to-day concerns are not burdensome. Seneca Lake's professionalism and excellence are demonstrated by our willingness to offer a trial residence. We encourage prospective residents to try a month at Seneca Lake to be sure they will be comfortable and content.

We know that independence and happiness are the keys to making Seneca Lake a home for our residents. We provide the following services so that our residents can spend their valuable time enjoying new friends and doing the things they like to do.

Recreational Activities & Social Programs

Daily exercise, news & views, gardening, Nintendo Wii contests and weekly live entertainment at happy hour are just a few of the many activities our residents enjoy without leaving home. Day trips, shopping excursions and restaurant outings in our resident van are also available.

When is the right time for Seneca Lake?

The need to transition to an Assisted Living Community solution is not always easy to recognize or initiate. Maybe forgetfulness is on the rise. Maybe loneliness is a factor. Maybe mobility is impaired and the two-story house isn't practical anymore. Everyone has unique circumstances that must be considered. We stand ready to help you evaluate your situation and plan a more fulfilling lifestyle.

A Bit About Management

The management of Seneca Lake, which is a privately held company, has owned and operated assisted living facilities since 1972. We are actively involved in the day-to-day operations of each of our facilities and are our residents' strongest advocates.
